This article has the following errors:

Section 3.1—in the last sentence of the second-to-last paragraph on p. 664  
“Case 2 represents a fairly simple, non-stationary relationship between  $z_i$  and  $y_i$ , whilst case 2 represents a more complex, non-stationary relationship.”  
should read  
“Case 2 represents a fairly simple, non-stationary relationship between  $z_i$  and  $y_i$ , whilst case 3 represents a more complex, non-stationary relationship.”

Section 3.1—Fig. 1 on p. 665  
Figs. 1C and 1D should be titled **high** heterogeneity rather than **low** heterogeneity.
